📞 0346-6741133 ✉ mithu33.ansari@gmail.com 📍 Rawalpindi, Punjab, Pakistan

👤 PROFESSIONAL PROFILE

Recent Computer Science graduate with hands-on experience in web development, mobile application development, and database management. Passionate about creating innovative solutions and contributing to dynamic projects. Seeking opportunities to leverage my technical skills in HTML, CSS, JavaScript, C#, React Native, and SQL to drive business growth and technological advancement. Known for being responsible, orderly, and eager to gain practical work experience in a collaborative environment.

🎓 EDUCATION

Bachelor of Science in Computer Science

Barani Institute of Information Technology, Rawalpindi | 2021 - 2025

Specialized in software development, database systems, and modern programming paradigms. Completed coursework in data structures, algorithms, software engineering, and web technologies.

Intermediate Education

Cambridge College, Pakpattan | 2019 - 2021

Foundation studies with focus on mathematics and science subjects, preparing for advanced computer science education.

💼 EXPERIENCE & PROJECTS

Final Year Project - Friend Locator with History

Academic Project | Team Lead | 2021

Developed a comprehensive mobile application for real-time friend location tracking with historical data storage. Key achievements include:

- Designed and implemented GPS-based location tracking system
- Created user-friendly interface for friend management and location sharing
- Developed robust database schema for storing location history
- Implemented real-time notifications and mapping features
- Ensured data privacy and security protocols
- Technologies used: React Native, SQL Database, GPS APIs

WordPress Development Workshop

Rawalpindi | 2020

Participated in intensive WordPress development training covering theme customization, plugin development, and content management system administration. Gained practical experience in creating responsive websites and managing client requirements.

💻 TECHNICAL SKILLS

Programming Languages

- ▸ C# (Object-Oriented Programming)
- ▸ JavaScript (ES6+)
- ▸ HTML5 & CSS3
- ▸ SQL

Frameworks & Technologies

- ▸ React Native (Mobile Development)
- ▸ .NET Framework
- ▸ WordPress Development
- ▸ Responsive Web Design

Database & Tools

- ▸ SQL Server Management
- ▸ Database Design
- ▸ Version Control (Git)
- ▸ API Integration

Soft Skills

- ▸ Project Management
- ▸ Team Leadership
- ▸ Problem Solving
- ▸ Communication
